

East Down Athletics Club Junior Club Photographic Consent

While your child is a member of East Down Athletics Club there will be occasions when his/her participation in club activities will be recorded as a digital image (still photo or moving image).

These images may be used for display purposes within the club website at www.eastdownac.co.uk / on EDAC Junior/Senior Facebook page or in local newspapers, to publicise the activities of the Club and the successes of its members.

To comply with regulations on Data Protection and welfare of minors it is necessary to inform you of this practice and ensure parental consent.

Please note that only first names will be directly associated with any image on the Club website but full titles may accompany photos used in the press.

In line with our Child Protection Policy, we need your permission to use your child's image in any of the above-mentioned ways.

This permission will remain valid while your child remains a member of East Down AC or until revoked by you in writing or by email membership@eastdownac.co.uk
